

You Can Lease Just About Anything for Agriculture

You may know that you can get lease financing for tractors, combines, forklifts and other equipment used almost daily in agriculture... but the list of what can be leased is more than 10,000 items long!

Organizations that are trying to preserve capital, as many are this year, should consider lease financing for any vehicles, equipment or facilities that will help meet their business goals. You may be surprised to learn what you can lease!

Call your leasing representative next time your company or customers need to acquire a vehicle, equipment or a facility – it's likely that whatever you need can be leased.

Here is a sampling of items that you can lease:
